RE: EXPANDING THE FRATERNITY

The 45th Biennial Grand Boule meeting in Minneapolis, Minnesota last summer, approved recommendations of the Strategic Planning Committee relative to expanding the Fraternity's membership by, among other methods, chartering Subordinate Boulés in untapped areas where Subordinate Boulés do not currently exist.

I am seeking your suggestions as to possible locations for expansion in your general geographic area.

Enclosed is a brief questionnaire and a stamped, self-addressed envelope. Please complete the questionnaire and return it to me by June 18, 2001.

Your input in this matter is very important to our Fraternity.
