Dear Mr. Swift:

Please forgive me for taking so long to answer your letter. Our answer was delayed hoping we would have more definite information for you.

At present the funds of Cabrillo Foundation are not adequate to permit us to entertain you application. However, we are passing it on to our Allocation cammittee for consideration at the proper time.

You should know that our tax exempt status requires that we can donate only to an orgainzation that has established an appropriate exemption under 501 (c) (3) of the I.R.C. of 1954.

Sincerely yours,

John H Williams

Mr. John S. Williams
Cowrills Foundation
Post Office Box 1301

Dear Mr. Williams:

C.U.R.E., Citizens United for Racial Equality, is an organization of over 450 citizens whose purpose is to operate on a community wide basis for the promotion of racial equality in San Diego County; to encourage through group action and effort, through discussion and through news media the implementation of the recommendations of the Report of the National Advisory Commission on Civil Disorders, (Kerner Report); to establish effective lines of communication among, to provide orientation and to provide coordination for the activities of individuals and groups having similar objectives; and to enlist the aid and support of increasing numbers of citizens toward these ends.

To serve this end we sponsored a year ago a workshop with the University of California Extension designed to inform people of practical ways they could become involved in this effort. In addition we have published a monthly newsletter which was designed to inform people on racial issues and give them information on how, when and where they themselves could work personally on this problem.

C.U.R.E. is listed in the telephone book. Black, brown and white persons have called us with needs and resources. Because of a wide familiarity with individuals and groups in the community who are knowledgeable in local racial matters we have been able often to bring needs and resources together through informal action.

Although we have been self-supporting through memberships and subscriptions to the newsletter, we are seeking additional support this year in order to expand our efforts. We are seeking for funds to publish the newsletter in its basic four page form for one year. The following figures show the costs of the newsletter and give an accurate estimate of funds needed.

Some standard prices for the various phases of printing a four page newsletter of the size, style and on the type of paper utilized by C.U.R.E. are:

Paste Up	$45 -(four pages)
Printing	$55
Paper Stock	$4.50/500
Plates	$5/plate
Folding	$20

Total estimated cost for 5000 copies of a four page newsletter is about $[illegible]. [illegible]'s actual costs have varied above and below this estimate because the number printed has risen from 3000 to 5000, inserts have been made, six and eight page editions have been printed, and initially all folding was done by volunteers. Actual costs have been running very close to the estimated figure.

The cost of mailing 5000 copies is $100 with the recent increase in postal rates. Thus the total cost per month of the four page newsletter is about $[illegible], or the total annual cost about $[illegible]. Another foundation has given [illegible] for publication of the newsletter for any subsidy (at the time of that grant the estimated annual cost was $3,000).

[illegible] requests a grant of $[illegible] from the Carrie [illegible] for the publication of the basic four page newsletter for the six month period [illegible] January 1970.

[illegible] has been initiated in over a year of self-[illegible] operation whereby that it can be [illegible] to work in imaginative and effective ways. It [illegible] goals are [illegible] provide for publication of the four page newsletter, funds available through sales and subscriptions will be used to expand [illegible]'s activities in some of the following ways. Six and eight page editions will be published as appropriate. Additional issues can be published supplementary for special [illegible]. The majority of newsletters are called [illegible] service. The worthwhile effort can be increased more freely.

We appreciate your consideration of this request and hope that it will be acted upon favorably. If any further information is desired we will be pleased to furnish it.

Sincerely yours,

C. W. Smith
President
