Re: Krishnamurti Foundation of America -
Dr. Allan W. Anderson

Dear Mr. Condra:

This will reply to your letter of April 1, 1974, with which you sent a proposed release.

As I mentioned in our brief telephone conversation today, Krishnamurti Foundation of America is willing to accept the release as revised by you, with the following changes:

1. The last clause of paragraph 3 beginning "and that no editing . . . " be deleted and, in lieu thereof, the following be inserted: "subject to the provisions of the final paragraph of this document.

2. The last clause of paragraph 5 beginning "so long as they are not used . . . " be deleted and, in lieu thereof, the following be inserted: "subject to the provisions of the final paragraph of this document".

3. In the final paragraph of the document, the following clause at lines 2 through 4 be deleted: "use the tapes referred to in the foregoing Release in a manner inconsistent with their original intent, purpose and content, and not to"; at line 5, the word "same" be changed to the word "tapes".

I believe that these changes would still give the protection that the tapes not be edited so as to distort the original dialogues, which I understand is his main concern.

I would point out that the original understanding between the parties was set forth in a letter from Mrs. T. Lilliefelt to Dr. Anderson dated February 15, 1974, and the release which I prepared is consistent with that understanding, although my client is prepared to go forward with the document as revised by you, subject to the above changes.

I trust that the matter can now be resolved promptly and amicably. I will look forward to hearing from you.

Sincerely yours,

BUCHALTER, NEMER, FIELDS
& SAVITCH
