Dear Mrs. Fayman:

We appreciate your generous support of CURE. Your contribution will enable us to continue our efforts in advocating justice for all of our citizens.

We would like to share our appreciation with our readers if this is permissable with you. We would like to include a square in the newsletter, as we did last year, indicating acknowledgement of your support. If this is contrary to your wishes, please give me a call at the above number some morning.

Thank you for your interest and concern!

Sincerely,

Dorothy Lloyd

Dear Mrs. Fayman:

Mrs. Hesch mentioned to me that she has talked with you and i'm writing at her request.

In checking our records we note you last made a contribution to CURE on October 26, 1970 for $100. We are renewing memberships at this time and hope that you will continue to support the organization. We would of course welcome your active participation if your time allows.

Because we are a small volunteer organization, we rely on contributions of those citizens in the community who have in the past supported us. We value your interest and concern.

Sincerely,

Mrs. Dorothy Lloyd
