   a. Continuing discussion of CIC and development of county-wide human relations agency. Carrol has expressed a willingness to meet with us sometime and talk about human relations and CURE.    b. Dot is still looking for someone to take over as secretary.

6. New Business:

   a. Where do we go in 1970? Halen Burke had some ideas about meetings with the Board of Education. Do we want to explore this? Do we want to work toward some sort of mobilization of civil rights forces, perhaps tied to get behind and support whatever the county ad-hoc committee comes up with, if it is deemed worthy of support?

   b. Nominations for the board. Although nominations are a few months off, it might be wise to start thinking about this now.

7. Announcements. NCCJ conference

   d. Street journal

   e. Education - Aimee Lee's comment.
