Congressman Bob Wilson
2235 Rayburn Bldg.
Washington, D C 20515

Dear Congressman Wilson:

CURE is an organization of 500 San Diego citizens who believe in this great country and who believe seriously in the promise of "liberty and justice for ALL". We actively support any effort that will help that promise become a reality. In recent years progress has been made.

Directives have been issued recently that threaten this progress. We are distressed with the dismantling of the anti-poverty programs, loss of legal aid services, and moratorium of the subsidized housing program. These programs were aimed at opening the society to people who otherwise could not realize the opportunity to share the benefits of this country.

We appeal to you to exercise your influence to restore funding of these programs so that progress towards a just society can continue.

Very truly yours,

Mrs. Dorothy M Lloyd
Executive Secretary
