Notes from Meeting with CIC
Nov. 6, 1968

Present were: Swift, Bloom, Carr, McKenna, Margolis, Taylor, Lloyd
Carroll Waymon & Rosemary Leyng

CURE needs to determine the following:

I. TARGET - white community

II. STRUCTURE

III. GOALS - possible

1. Communication

2. Coordination (how about that for a typo error? I like it!)
of groups and information

3. Placement - volunteer manpower

4. pressure group or lobby

5. Action group formation

IV. Degree and method of black & brown participation.

After we clearly define CURE goals, make them known to the minority groups and ask for their input. ("Tell us how you can help us.")

Keep talking until we clearly define our goals!
