Dear Miss Lloyd:

In response to your suggestion in "Where the Action Is", I am forwarding two bits of information concerning our recently formed University City Interracial Action Committee. One is a flyer on our upcoming meeting; the other is a copy of a letter to the Union which gives a thumbnail account our history and objectives. We would appreciate any publicity you can give us on our Nov 13 meeting. We are looking for interested people who live in the University City area.

Sincerely
John Burnett
