Dear Ms. King:

Mr. George Fujioka, Senior Health Educator at DEFY, indicated that CURE might be interested in information about DEFY. Attached yellow sheet gives basic facts about this drug abuse prevention program of the San Diego County Department of Public Health.

If you would care to use an article about services DEFY offers to people who live in San Diego County, we would be happy to provide such an article or to arrange for you to visit DEFY and interview for an article.

In the meantime, if you are interested in using the enclosed column of drug information, the first in a series, please do so.

Sincerely yours,

Meg Thompson
