Dear Miss King:

Enclosed you will find an article about the tutoring project of the Faculty Dames group at San Diego State College. You published an article in your newsletter last year (Oct., 1970, Vol. 4, No. 2) about this same activity. We received a favorable response from your readers. Some of them became very valuable tutors. We hope to reach some of your concerned readers again this year. Thank you for your consideration of our article.

Sincerely,

Carol Emerick
