Dear Bill:

You now have a checking account established at Security Pacific Bank. They are giving us a freebe and they will be willing to work on some other things to get us interest on the money that stays in the bank as well, but for the moment the important thing is for you to sign the two attached cards and to have Judge Welsh sign the cards as well. I told the bank that as such either of you (not both of you) can sign the Task Force checks.

If you want any changes in this, let me know. Otherwise, send the card back to me and you will be in business. There is $12,000 in the account at the moment and the rest of the money is filtering in slowly. I will let you know as soon as I hear back from United Way of their willingness to assume the admistrative detail for the staff.

Incidentially, congratulations. Your Swat Team has once again managed to capture a crazy without firing a shot or endangering a neighborhood. You are really putting together a remarkable record.

Sincerely,

Mike
