Mr. Tom Hom, Councilman
City Administration Building
Community Concourse
San Diego, California 92101

Dear Mr. Hom:

Your continued awareness of the fundamental needs of the citizens of San Diego, evidenced in your efforts to increase the budget of the Citizens' Interracial Committee, has been observed with keen appreciation. We recognize your understanding that the $80,000 proposed by the City Manager, although larger than last year's budget, falls far short of the financial support essential to enable the C.I.C. to increase and deepen its accomplishments--achievements necessary to the well being of all San Diegans.

Additional information spotlighting the necessity for increased financial support is now available, following C.I.C.'s discussions with the City Manager, with the Board of Education, and with jurisdictions in other cities. In the light of this new information, we greatly hope that the Council will reconsider the financial support vital to the C.I.C. if it is to perform with high effectiveness the always increasing demands of its essential program.

Sincerely yours,

Elizabeth Dresser
Corresponding Secretary

Mayor Frank Curran
City Administration Building
Community Concourse
San Diego, California 92101

Dear Mr. Mayor:

Your thoughtful consideration of the budget for the Citizens' Interracial Committee is appreciated. We feel that the additional information resulting from C.I.C.'s discussions with the City Manager, with the Board of Education, and with jurisdictions in other cities gives helpful insight into the need for increased financial support for C.I.C.

The work of C.I.C. is fundamental to the well being of all San Diegans. We feel that the question of financial support is not primarily related to how much that support has been increased over last year's budget nor upon how the financial support given C.I.C. compares to other budget areas, but rather to the answer to this question: Is the $80,000 proposed adequate to meet the need?

Sincerely yours,

Elizabeth Dresser
Corresponding Secretary
