Dear Bill:

It is with sincere gratitude that I accept your check for $1000 which will help fund the position of executive secretary for the Voluntary Integration Monitoring Task Force.

Your investment (and that of some 30 leading San Diego businesses) proves your real concern for the quality of education in San Diego, and augurs well for the success of the voluntary integration program, which as you know can pay dividends for all of us.

I know your quick response in a time of community need was appreciated by Mike Madigan, who asked me to thank you for making his task much easier.

Be certain that the money donated will be used specifically for the stated purpose, and for no other purpose. That is, your contribution will, for a period of 18 months, provide the salary, office supplies and telephone for an executive secretary to coordinate the monitoring task force and to issue periodic reports on the program's progress.

Sincerely,

Bill Kolender

Dear Woody:

It is with sincere gratitude that I accept your check for $1000 which will help fund the position of Executive Secretary for the Voluntary Integration Monitoring Task Force.

Your investment (and that of some 30 leading San Diego businesses) proves your real concern for the quality of education in San Diego, and augurs well for the success of the voluntary integration program, which as you know can pay dividends for all of us.

I know your quick response in a time of community need was appreciated by Mike Madigan, who asked me to thank you for making his task much easier.

Be certain that the money donated will be used specifically for the stated purpose, and for no other purpose. That is, your contribution will, for a period of 18 months, provide the salary, office supplies and telephone for an Executive Secretary to coordinate the monitoring task force and to issue periodic reports on the program's progress.

Sincerely,

Bill Kolender
