TO WHOM IT MAY CONCERN:

As Chairman of the Monitoring Task Force for the San Diego City Schools' Voluntary Integration Program, I cannot overemphasize the importance of our task. The quality of life in our city is dependent, to a large extent, on the quality of education in our schools and our ability to be responsive to the needs of our students. Integration is not only the law, but is an important step to giving students a meaningful educational experience. I would encourage responsible people in our community to support this program in any way possible.

At this time we need funds to hire a full time person to manage the affairs of the Task Force. It is imperative that we have someone who will be able to handle complaints from the community and put together the findings of the monitors who will be observing the voluntary program.

Any assistance that may be given will be greatly appreciated.

Sincerely,

Bill Kolender
Chairman
School Integration Task Force
