Mr. Leon L. Williams, Councilman
City Administration Building
San Diego, California 92101

Dear Leon:

I congratulate you and the Black Community on your election. Such a victory has ramifications in favor of the minorities as well as for everyone. In my opinion, whenever a Black or Brown wins an election, that means being accepted by a majority of a community, which is progress.

I am sure you will continue to work hard for the community at large and will vote according to your conscience and convictions.

Thank you.

Sincerely,

Alex
