LEON WILLIAMS

ASK LOIS JOB'-SHEET

WHAT YOU CAN DO NOW!!!

ACTION is the order of the day and NOW is the byword. ACTION is needed NOW by everyone.

As you all know Leon Williams is presently serving as our appointed city-councilman. This is great and a black man should be on the council (as well as a brown!) But if we sit back and think Leon's appointment and Leon's election are one and the same thing, man you ain't with it. For Leon to be elected in September (and that is THIS September) it's going to take work, work, WORK, WORK, money, money, MONEY, MONEY and you and all your friends to get out the vote, vote, VOTE, VOTE. So now that your work is cut out for you let's go.

The first thing to do is call me, Chuck Adams, at METRO (234-3158) and get things organized and on the go. Just let me know that you are willing to work and we'll take care of the rest. What is needed is YOU.

What are some of the things you will do? First, you will be firm in your conviction that this election of Leon is needed if San Diego is really to demonstrate any kind of real committment to the solution of its racial problems by making it a "city for all people". Nothing convinces people more than your ~~[illegible]~~ sincerity when you ask them to vote for Leon. So get that in order first. Next you may give a coffee in your home and invite Leon to speak and meet your friends and neighbors or you just might have a coffee in your home and tell your guests how you feel and why their support is needed.

After that you may have to engage in some fund-raising activities for Leon. Unfortunately minorities have never been involved in the big political machinery of eithdr party and therefore cannot automatically count on party support, even in a non-partisan campaign. Did I say unfortunately - sorry, I meant fortunately. Because this means that we will have to work harder, but after that work Leon will be free to represent the people. Now, isn't that worth working for?

And then, on election day,and before,you will have to make use of your telephone like it was going out of style. You're going to call everyone in your block, your club, your church, your office, your family, etc. and tell them to get out and vote and vote for LEON.

Now, this is what you can do. Are you willing? Do you want to? Do you care? I'll know by the number of phone calls I get, so hurry up and call me. We're only 200 years past due!
