Dear Mrs. Bourbeau:

In addition to the grids from the 9/21st workshop I sent you the other day I will list below the religious and citizens organizations that I am aware of. It would be appreciated if you know of groups in addition to these, if you would send me a list of them and the contact number or person. This will help us in answering requests for this type of information. News pertaining to the activities and accomplishments of any groups would be useful for our knowledge and to include in the newsletter for the community's knowledge and perhaps use. We strongly urge everyone to keep us current on their activities.
