Mayor Pete Wilson

Members of the City Council #4

San Diego, California

Shortly, you will be recieving the nomination of Earl Roberts as Fire Chief for S.D.F.D., for confirmation from City manager Ray Blair. I strongly urge you not to confirm the appointment. My objection to the appointment has nothing to do with Mr Roberts personally. My concern is that the nomination is for an out of towner.

We have qualified people within the rank in the City of San Diego, who have also proven their loyality and administrative abilities. With a National recession and the High unemployment in San Diego, I find this action to be totally unacceptable. It certainly does not lend itself to boosting morale nor a sense of appreciation for the dedicated personnel on the department .

Is'nt it about time we really try to "TRY SAN DIEGO FIRST"?

Sincerely

Roland Esquire Holmes
