Statement. The Treasurer of this committee is using Schedule D for the following information because he doesnt know where else it fits. Certain contributions were received during the covered period of 5/2/89 through 6/30/89 but were not deposited until the period beginning 7/1/89. These contributions were such that the Treasurer's records indicated they were part of a cumulative amount in which, (a)The contributor had maximized since 7/1/86, or (b)The contribution was for two people, one of whom had already maximized, or (c)The amount of the check exceeded the amount needed to reach maximumization. . Supervisor Williams, in consultation with County legal officials and other members of the Board of Supervisors, was seeking clarification of recently passed Propositions 68 and 73 regarding contributions received, anomolies created by the propositions in terms of County vs State law, and other items of apparent discrepency currently being ajudicated in the courts. Therefore, contribution checks were held in the interim while clarification was being sought.This was done so that Supervisor Williams could avoid the embarrassment of returning checks to contributors and subsequently learning that such contributions could have been made. When he was unable to conclusively clarify these issues, Supervisor Williams authorized the Treasurer to take appropriate action concerning the held contributions. This was on July 8, 1989--after the end of the current period. Scedule D therefor contains information on certain contributions received but not deposited, thus not affecting this period's monetary situation. All such amounts finally deposited and/or returned to contributors will be specified on Form 490 for the period 7/1/89 through 12/31/89.
