Dear Supervisor Williams:

For the American people are a very generous people and will forgive almost any weakness, with the possible exception of stupidity. -- Will Rogers

Have you lost all logical thinking at 1600 Pacific Highway? How could you give Norman Hickey a $68,000.00 GOLDEN PARACHUTE when he "QUIT" his job, working without a contract for the last 18 months. (No contract means no requirement to pay him one-half his annual pay if he quit his job!) He is the one who wanted to leave his job early and move to Florida and still be paid $26.00 a year for three years by the county so he could get 100% of a county retirement (and you almost gave in to him until the public found out). I hear almost every night on the news or read in the paper a statement from someone on the Board of Supervisors crying about being broke, having to close offices and cutback on paychecks. Will Rogers IS RIGHT; every county employee who works every day without any possibility of a GOLDEN PARACHUTE and the voting public in San Diego County WILL NOT forget or forgive stupidity!

I guess you can afford to waste more county funds, after all the Grand Jury has already proved you waste 70 MILLION dollars a year in welfare "FRAUD" by some county employees supervised by Norman Hickey. (This one is getting away!)

Sincerely yours,

Lt. Imrie G. Beall Jr. USN Ret.
