Dear Mr. Williams:

Business Real Estate recently expanded its staff and opened its Carlsbad office. The enclosed brochure overviews our firm as it exists today.

Our confidence in the long term stability and vitality of the San Diego real estate market is strong. Within our firm we have specialists in each of the individual submarkets. And, for the most part, we continue to forecast positive financial opportunities.

When you need information about commercial real estate, call us.

Regards,

Jim Stenderup
