A Strong Senior Advocate

Discussing Concerns with Susan Davis

LEON WILLIAMS — A PARTNER IN IMPROVING OUR NEIGHBORHOOD

Neighborhood cleanup . . . Gang control . . . Freeway Callboxes . . . Canyon preservation . . . Senior services. Leon Williams is a working partner meeting the needs of our community. In his soft-spoken way, Leon Williams has achieved remarkable results.

Dedication . . . Honesty . . . Responsiveness. Leon Williams' commitment is to make government work for us. He is the reliable, proven leadership we need for the 1990's.

LEON WILLIAMS!

ENDORSED BY OUR COMMUNITY LEADERS

Councilman John Hartley

Councilwoman Judy McCarty

State Senator Lucy Killea

Barry Newman, San Diego Taxpayers Assn. (Past-President)

Supporting Education with Councilwoman Judy McCarty

Listening to Your Views

Leon Williams - Leadership Working for You!

"His support for law enforcement and the fight against drugs and gangs is crucial to controlling crime. Leon Williams makes San Diego a safer place to live."

Dick Lewis and George Morales
San Diego Police Dept., ret.

ASSISTING SENIORS

Leon Williams won over $800,000 in funding for two new senior centers: downtown and at Neighborhood House. He supported the Home Delivered Meals program and expanded In-Home Support Services to help keep seniors out of retirement homes. Leon Williams turns caring into action for senior citizens.

BETTER JAILS — FEWER CRIMINALS

Leon Williams led the fight for the Department of Corrections. It will save over $20 million to the taxpayers and put more Sheriffs on the streets fighting crime. He called for a comprehensive security review of our jails. The result? Nearly 20 improvements will be funded to stop jail breaks and bring security to our neighborhoods again.

Leon Williams supported the Gang Prosecution Unit which has a 95% successful prosecution rate! He pushed for a unique $1 million program which puts Probation Officers in the streets to prevent gangs from recruiting, forming or operating.

It's no secret, jail overcrowding leads to jail riots and escapes. Leon Williams helped draft Proposition A to build badly needed new jails. The voters agreed with Leon Williams and approved the measure! Leon Williams believes your safety is his top priority!

That's why he created the Freeway Callbox program in San Diego. It took State legislation and local leadership. But thanks to Leon Williams, you don't have to be stranded on the freeway ever again!

FIGHTING FOR OUR FAIR SHARE

San Diego County is 57th out of 58 counties in their share of State monies . . . and Leon Williams will not put up with it. As Chairman of the County Board, Leon Williams supported a landmark lawsuit against the State to recover our "fair share" of funding.

That means about $180 million each year! That means better jail facilities and more Sheriffs. It means better courts. It means improved services to seniors, children and the less fortunate.

The State used to require San Diego to perform new services without providing any new funding. Until Leon Williams supported a new "Just Say No" policy. Now the County will not cut existing programs to fund state mandates anymore.

"Leon Williams is a strong fiscal manager who demands efficiency from the County. He is a tireless advocate for the taxpayers. Leon Williams is fighting with the State for our fair share of funds. As taxpayers, we need Leon Williams experience and leadership!"

Barry Newman
Past-Chairman, San Diego Taxpayers Association

MANAGING GROWTH

Leon Williams has long supported growth management and protection of our environment. His Regional Growth and Planning Task Force is coordinating growth plans countywide. He supported the Urban Canyons Program to preserve neighborhood open space. He helped develop County policies to reduce the use of pesticides such as Malathion. From protecting the ozone layer to preventing offshore oil drilling, Leon Williams stands up for San Diego's quality of life!

TRASHING THE TRASH

Leon Williams fought against the North Chollas Landfill. Not in an urban neighborhood! Today we face new landfill challenges with better technology and more neighborhood concern. He supported mandatory reclamation in San Marcos. He started the Household Hazardous Waste program for household pesticides, paint, and dangerous product disposal. Even down to the neighborhood level, he helped communities with clean up and graffiti erasure. Leon Williams: Trashing the trash problem, cleaning up our neighborhoods, and protecting our environment.

"Our community is finding new life again! We're preserving our canyons, improving our streets, and restoring pride in our neighborhoods. Anti-drug and anti-gang programs are making our streets safer again. With your support, we can make this community a shining example of neighbors helping neighbors, and government that works for you."

Sincerely,

Leon
