Stanwood JOHNSON

The campaign is ending. While most politicians were talking, I've been out in the neighborhoods listening. Chances are I, or one of my volunteers has knocked on your door. This isn't the easiest way to campaign (I've gone through 2 pairs of shoes) but it is the right way.

My opponent has refused to debate me in public, but you haven't been afraid to tell me what's on your mind. Here are some of the things you told me about, and my solutions . . .

Crime

"As an attorney I've seen judges hesitate to jail violence-prone criminals because of overcrowded jails. We **must** build more jails to get criminals off the street and out of our neighborhoods. The new, higher criminal fines now being charged can pay for them, over $2 million this year alone. We must also beef up the district Attorney's office with more prosecutors.

Seniors

"Last year, on a 3 to 2 vote, Supervisors cut 300,000 service hours from the County homemaker program, which provides cleaning and cooking services to the disabled and elderly. The Board majority could have avoided such deep cuts by holding wages in line. But they chose higher wages for a powerful labor union over the needs of seniors, That can change next year with my vote."

Taxes

"Did you know the County pays for Model-netics, a special language only bureaucrats can speak? Did you know Supervisors' meetings are telecast, **on Cable TV?** Had you heard about 'The Magic Bus', a computerized tank that tells you where to paint white lines on the road?

Yes, you really are paying for all of these.

Model-netics	**$65,000**
Supervisors' TV show	**$50,000**
The 'Magic Bus'	**$61,600**

But you won't for long if I'm elected."
