ARE YOU INTERESTED IN SUPPORTING A COMMUNITY ARTS AND CULTURAL CENTER?

Edwards Art Shop and Gallery at 2589 Imperial Avenue, San Diego, is presently engaged in a creative arts and cultural program designed to harness the creative talents of todays youth. Opportunity is being given to neighborhood youth to demonstrate their creative talents. They are being introduced to various arts such as painting, carving, sewing, dramatics and music. Edwards Art Shop and Gallery has made great strides in eliminating some of the idleness that exists today in the black community. The classes now have an enrollment of over 200 children.

Mr. Edwards has served these youth at his own expense so far, but now that more and more children are becoming attracted to his program he has exhausted his funds and supplies.

It is felt now, that we, the concerned citizens, take a stand to assure the continuance of this worthwhile program, by assisting with the needed funds.

We are asking your financial help to keep these classes going.

Contributions may be sent to: Eddie L. Edwards
2589 Imperial Avenue
San Diego, California 92102

For further information about the classes call 233-5486
