AN ACTION GROUP FOR INTERRACIAL HARMONY

223-8602

Tue

Mail to groups & individuals that our members & ones that have attended before

Hank + Ruth Walsh 286-1120 Pope John 23rd CFM group

CURE is moving ahead. The first copy of the newsletter has been mailed, a telephone network has been organized, incorporation papers have been filed, memberships are being received and immediate and future plans are being formulated. We need your participation in these plans. A meeting has been organized for June 29th from 3 to 5 p.m. at 1st Methodist Church in Mission Valley.

This meeting will serve a two-fold purpose. The first part of the meeting will be to review what has transpired to date, to discuss future plans of CURE and to solicit the group's endorsement or comments.

The second part will be to form three groups to deal immediately with the following areas of need:

1. Provide support for MER (Movement for Educational Reconstruction) programs to effect changes in the educational system.

2. Employment practices and patterns in local retail businesses.

3. Interfaith Emergency Council's need for support and assistance.

Sept. 21st

Finally we expect to establish a committee to plan a community-wide action-oriented workshop in cooperation with UCSD Extension for ~~early fall~~.

Because this meeting of June 29th will be primarily directed toward action programs, we especially encourage people concerned with being so involved to attend. However, we want all to feel welcome, to become better acquainted with the CURE organization. We hope you or a representative from your group (or organization) will be able to attend.

Sincerely,

C. Shufford Swift
President Pro-tem
Citizens United for Racial Equality
