o PUBLIC COMMENT

Herman Collins, Special Assistant to Councilman George Stevens, explained Mr. Steven's was absent due to his being at the Housing Commission meeting (which usually runs long) and hoped the controversy of dual meetings would be resolved.

"On agenda item 2.A., Councilman Stevens was hoping that your Board would direct the Private Industry Council to examine additional utilization of some of those incentive funds to work with hard-to-work-with populations, specifically, gang related programs. We think it would be an excellent opportunity for the PIC to look to some innovative approaches. The incentive is inteneded to be used for hard-to-work-with populations and we think it may be a good direction.

In addition, agenda item 2.G., Hire-A-Youth Program, there were some concerns that the Councilman had regarding some of the administrative costs that were charged against the program, not that the costs were excessive, but he wanted to know specifically, the breakout of administrative costs that were being charged by the Neighborhood House Association in regard to that contract, about $6700 and wanted to know what that represented. He wanted staff to obtain that information for him.

But those two are basically the items Councilman Stevens was concerned about and would seek your assistance in being able to obtain that information and as well as having the Private Industry Council look at that intended use for incentive money."

Ms. Koby replied that it had been discussed with the Private Industry Council and they agreed very whole-heartedly that additional funds for Hire-A-Youth go to gang diversion.

On the Neighborhood House administrative costs issue; as part of the contract negotiations, an analysis of their overhead expenses will be requested from the Neighborhood House Association supervisor.

Mr. MacDonald stated that he would like to see the agenda changed to have the Public Comments first before any actions are taken.

ADJOURNMENT

The meeting adjourned at 1:38 p.m. The next Policy Board meeting is scheduled for May 4, 1992.
