Re: Paul Peterson, et al. Property
General Plan Update (Descanso)
September 11, 1991, Agenda Item No. 4

Dear Don:

Should Supervisor Leon Williams be willing to support the request to retain the existing 4-acre zoning on the Paul Peterson, et al. property, here is a simple motion that could be made. The motion assumes that the Board will be taking "tentative" action on the density matters raised in Major Issue #10, before taking testimony or action on other major issues.

Please contact me if you have any questions about the motion.

Very truly yours,

Item No. 10 (zoning/density):

MOTION regarding Paul Peterson Property

I would like to make a motion to retain the existing 4-acre zoning for the Paul Peterson, et al. property (Subareas 216, 233A1, 233A3 and 233A4).
