WHY WAS CURE FORMED?

To promote on a community wide basis the principles of racial equality in San Diego County.

To encourage through discussion, news media, individual and group effort the implementation of the recommendations contained in the Report of the National Advisory Commission on Civil Disorders.

To establish effective lines of communication among, to provide support for, and to provide coordination for the activities of individuals and groups having similar objectives.

To enlist the aid and support of increasing numbers of citizens toward these ends.

WHO ARE WE?

At the end of our first year we are 500 people dedicated to actively promoting racial equality in San Diego. Everyone who agrees with our goals is welcome and urged to join our ranks.

WHAT HAVE WE DONE?

Published a newsletter with a circulation of 4,500 containing information hard to find elsewhere in San Diego e.g. articles from the minority community concerning plans, needs, problems, ideas, projects. Hundreds of ideas for those who are asking, "What can I do?"

Attempted through written and oral presentations to influence decisions being made by the board of education, city council, state board of education and various government agencies.

Informed our members through our telephone tree of emergency information about racial problems, projects and concerns.

Served as a referral agency for those in need of help and for those wishing to help.

Helped create educational programs designed to inform the citizens of San Diego and to mobilize them toward action in solving community problems.
