Dear sir,

I am writing to thank your office and specifically your chief aide Don Abel for according us the courtesy to meet with him and discuss our Community Enhancement Grant application for FY92.

For a small theatre company we have put an enormous effort into our Community Outreach efforts. We have done this because we hold as part of our mission the responsibility to serve the "underserved" population in the county. "Underserved" is a term we use to define those people who cannot attend theatre events because of limitations of health, age, personal economics or other such restriction. We were very pleased to announce to Mr. Abel that we have been able to add a Director of Community Outreach to our small staff to focus and intensify our efforts in this area.

We certainly understand the state economic climate within which the county must operate and Mr. Abel explained the situation very clearly and succinctly. We only ask that the board give consideration to our request.

Thank you for your attention.

Sincerely,

Paul S. Bedington
