CALL FOR INVESTORS

Two years ago a group of Black organizations formed a coalition to demand that the San Diego Airport include among its businesses located there, businesses owned by people of color.

After a long, hard struggle in which the Black coalition spearheaded by the Black Economic Development Task Force, joined with organizations representing the American Indian, Asian, Latino and Women communities, victory appears to be eminent. The coalition members; Black Economic Development Task Force, N.A.A.C.P., Cat Fish Club, Urban League and Black American Political Association of California, are to be congratulated for their success on this project.

"There are now opportunities for the Black community to become owners of businesses that will be located at the Airport," said Hal Brown, President of the Black Economic Development Task Force. This is a call for all interested investors to attend a meeting on Wednesday, August 26th at 6 p.m. at the College of Retailing, 652 Gateway Center Drive, next to the Southeast Price Club," said Brown.

The airport investors meeting was announced by the Black Economic Development Task Force at its July 28th general meeting. Twenty three potential investors signed up to attend the meeting.

All interested persons should call Jacqui Wise at 531-0744 to sign up for the August 26th meeting.
