MARIN COUNTY
BOARD OF SUPERVISORS

RECEIVED
AUG - 6 1990
Ans'd JLS

July 25, 1990

To: Colleagues

From: Al Aramburu
Supervisor, Marin County
Chairman, CSAC Sub-committee on Government Operations and Information Technology

Subject: Survey on County Data Processing and Automation

AL ARAMBURU
THIRD DISTRICT

This survey is being commissioned at the request of the CSAC sub-committee on Government Operations and Information Technology. Its intent is to obtain an understanding of key issues related to county data processing activities and gain insight into the level of awareness by County Boards of Supervisors and CAO's in and making approving information systems decisions.

Information gained from this survey will be consolidated, studied and presented at the next CSAC conference. Additionally, this information will be used by the sub-committee to focus on solutions and recommendations deemed important by county elected and appointed officials.

The survey is being sent to each County Board of Supervisors, Chairperson and CAO. It is requested that the survey not be completed by personnel in the Data Processing or related department.

Please note that the survey is divided into two parts. Complete both Part 1 and Part 2 and return in the attached envelope. Your timely completion and response is very much appreciated.

Please be sure to identify yourself; this will help us consolidate these responses.

Thank you for your support and cooperation.

Al Aramburu, Chairman
CSAC Government Operations and
Information Technology Subcommittee
