Dear Dick:

This letter will confirm our telephone conversation last week regarding Solar's support of the Monitoring Task Force for the Voluntary Integration Program.

I wholeheartedly agree that Bill Kolender has quite a challenging task as Chairman of this group and certainly deserves community support in his effort. We have, therefore, committed $500.00 towards the funding for a Staff Assistant.

However, as I also mentioned, we will hold off issuing this check until definite plans for this office have been finalized.

Let me know if you have any questions, Dick.

Sincerely,

Mimi Austin/vc
