Dear Leon:

Thank you for taking the time out of your busy schedule yesterday to testify before the members of the Assembly and Senate Local Government Committees at their joint hearing, "Policy Implications and Unintended Consequences: a Legislative Review of SB 2557 (Maddy, 1990)."

We are hopeful that some of the concerns raised at the hearing will be addressed by the Legislature. While we recognize that the implementation of SB 2557 has created a great deal of divisiveness among local governments, we are confident that with the cooperation of all local government officials, fair and equitable solutions can be developed to respond to some of the problems which have been created by the booking fees and property tax administration fees.

We are preparing a summary of findings and recommendations from the hearing, and I will send a copy to you as soon as it is available. Again, we appreciate your participation in this very important hearing and look forward to working with you in the upcoming legislative year.

Sincerely,

Marian
