From the desk of....

Councilman LEON WILLIAMS

City Administration Building
202 "C" Street
San Diego, California 92101

HI THERE, I'M MARTHA WILLIAMS.....

Having been quiet throughout the campaign because of involvement in youth programs which are extremely important in Southeast San Diego, I would like to take this opportunity to speak out in favor of Leon Williams, my husband, as councilman. Leon is a very modest person, so there are many things you would never know about him if you waited for him to tell. But I think it is only fair to you that you take a thorough look at Leon's qualifications and compare.

QUALIFICATIONS - Compare Leon's background and personal history to that of any candidate running against him and you will agree that he is the most qualified candidate. I personally admire the tremendous accomplishments my husband has made while working for and with others. Leon has touched the lives of many people.

PERSONAL CHARACTERISTICS - Leon is honest and modest. He is quiet, effective, caring and considerate. He is articulate and bright. Leon is the kind of person who could represent you anywhere. You will never be ashamed of Leon, I know.

EDUCATION - Leon's educational background is far more extensive than any of the other candidates. He is about to complete a PHD in Human Behavior and Urban Development. He has taught and is presently holding seminars at the college level. He has expertise in the major issues facing us: planning, housing, employment, etc. He has a record to prove his accomplishments.

YOUTH & SENIOR CITIZENS

Employment - Leon has personally opened and recruited jobs for hundreds of youth. Because of his efforts, these youth are employed and are making their lives more productive.

Self Development Programs - Leon has sponsored several youth programs such as the Southeast Involvement Program. When young people find it necessary to leave home, this program provides a safe, warm and supportive environment which gives them an alternative to being in the streets or in juvenile halls.

Rehabilitation - Leon has constantly pushed the idea of crime prevention programs which would aid in preventing youth from starting a life of crime.

Family Living - Leon is concerned about the breakdown of family life and the lives of our children. He is concerned about the lack of emphasis on nutrition and general health programs for all age groups. Leon supports and advocates healthy living. This has been and always will be a top priority with him.

Senior Citizens Programs - Leon realizes that we will all be senior citizens and has always supported their programs and demands.

In closing, these are just a few of the things that I feel have been left out and you should know about Leon Williams so you can feel secure in supporting him.

"Togetherness leads towards a pathway to the Stars." Martha

P.S. This is not printed at taxpayers expense
