Dear Earl:

Please add my name to the great throng of people in this — America's Finest City — and in our state + nation who rejoice in your being sworn in as a Federal Judge. Be assured I kept up with the progress of your appt. . . . needless delay and final approval and prayed that throughout the whole period justice would be done. So I thank God and all those people; known + unknown; who persisted until you won the day + ignited hope brighter in all of us! God bless! Keep the faith!

Love,
Mary Eunice
