Dear Judge Gilliam:

Our sincerity and appreciation for uniting our family (June 1978) after a long and difficult struggle. You have brought sunshine into our lives, and lightened the burdens of one small boy. You are a man with deep insight and human understanding.

We feel this inate gift of understanding along with your extreme competence will give the Federal Court a very experienced and superior individual to provide equitable justice to society.

Best of luck on your new assignment.
