[MS-0398.006.013.005] 9/16/80

Dear Bill,

Here's a draft letter — Please feel free to make changes —

Please get signatures and return to me and I will print + mail. Also it would be better if you could use either letterhead stationary.

Thanks Nikki

Dear Friend,

Something very important to us, and we believe to you, is being contested in the race for Supervisor in the East County.

Lucille Moore is up for re-election and appears to have a tough fight on her hands.

We who have watched her closely and worked with her have come to respect Lucille's independence, sense of fair play, and especially her concern and compassion for all the people in the County of San Diego.

We feel the election of her opponent would be a setback for many people and the interests we share.

The Los Angeles Times editorial of June 1, 1980, when endorsing Lucille for re-election, had this comment regarding her opponent:

> "Fordem, who describes himself as a 'white-shirt, redneck tightwad,' comes too close to fitting that description to suit us."

Lucille has helped hold the rein on spending at the County level, yet she has never abandoned her sense of compassion. She has worked to improve both the costs and effectiveness of social services rather than attack people of different races or religions who are enduring real human problems.

Please won't you join us in helping Lucille? She needs contributions now for $10 - $25 - $50; any amount you can give will help.

Please send you contribution today! We NEED Lucille on the Board of Supervisors. Enclosed for your convenience is a return envelope. Please fill in all the required information. Keep in mind the County ordinance limits contributions to $250 per person written on personal, not business or corporation, accounts only.

Again, please help.
