DRAFT

Dear

Enclosed are materials which represent the final decisions made by the Board of Supervisors of San Diego County in the matter of redistricting. During the Black American Political Association of California convention, Speaker Willie Brown indicated that your office could provide an analysis of the map and its compliance with the Voting Rights Act.

As the elected representative of the Fourth Supervisorial District, an analysis of the composition of my district, the electoral and voting trends would be very valuable. My office is currently in the process of implementing a comprehensive agenda for the next two years and the data and analysis of the constituents of the Fourth Supervisorial District will be helpful in clearly defining our strategy.

Please contact my Chief of Staff, Don Abel to coordinate the factors and variables to be used in your analysis. If there is additional information which you require he will be able to provide it to you.

Thank you very much, for your assistance and cooperation as we move forward with our agenda for African Americans in California for the nineties.
