[MS-0087-009-020-002]

You say you have already received a questionnaire from us?
You say you get too many questionnaires already?

Well, we hope after reading this introduction you'll be willing to fill in one more.

In the past, many people have been assisted by the information gathered by Community Contact Services. This information has been about what individuals and groups have been doing to enhance the human condition, such as what services they provide, for whom, under what conditions, and where. The information has been used for providing two services - GuideLine, which guides people in finding where they can get help with their problems, and Contact Communications, which is producing a directory of services. The information which we are asking for now will help us continue to improve our services.

We are also asking for this information because we are working jointly on a new project with several other groups with similar needs for information. (Yes, the questionnaire is long.) At times, we may appear to be asking some of the same questions in different ways. But, please bear with us. We are trying to help you to keep certain information handy.

To simplify answering the questionnaire, we have included a printout of the data we already have about you. If what we have is complete and correct, you can skip the parts of the questionnaire which correspond. For NEW INFORMATION, please fill in all sections which apply or make sense to you. Please try to answer all questions as well as you can. We've included a copy of our own responses to the questionnaire to give an example of how to fill it in and to let you know more about us. If we need clarification of any of your responses, we'll call. Periodically, we will be in touch for updating your information. Services change, problems change, needs for information change, so expect to hear from us again. Thanks a million.

Some of the groups utilizing this information will be:

- City of San Diego
  - Human Resources Department
- County of San Diego
  - Human Resources Agency Board
    - Child Care Committee
  - Library
  - Planning Department
  - Probation Department
  - Superior Courts
- Management Planning Program
- Manpower Area Planning Committee
- Revenue Sharing Task Force
- United Way of San Diego County

and us, of course.

As a participant in this project, you, also, have access to this information. Call us at 238-1121 and we can talk over your information needs.

Thank you in advance for returning this to us promptly. This information has been needed for a long time and your quick reply will be appreciated.

IF YOU HAVE ANY QUESTIONS ABOUT THE QUESTIONNAIRE

Contact: David Cueny - 238-1121

or Brian Dugan - 238-1120

SOME GENERAL INFORMATION ABOUT THE QUESTIONNAIRE

1. The first section, with the pale blue cover, deals with general information about the organization.

2. The second section, a single grey sheet, is for listing each of the services you provide.

3. The third section(s), with the pale yellow cover, is (are) for information about each of the services you have listed on the grey sheet. There will be more than one if you provide more than one service. Keep the grey sheet handy when you fill out the yellow section. (If you need more yellow sections, call 238-1120, and we'll send them.

4. The questionnaire (as much as it is possible) is keyed to the data printout, and the printout contains page numbers in the questionnaire. This is to help you in correcting and updating information which we already have. REMEMBER, if we have correct information in any part of the printout, you can skip that part of the questionnaire.

5. NEW INFORMATION is labeled as such. Next time, this, too, will be included in a printout, so you may have even less to do. However, some of this information will be used only by planning bodies, not used in a published directory.

SPECIFIC SERVICE INFORMATION

These packets are used to provide more information on each of the services you have identified on Page 8.

-If information in this packet refers to more than one service, list your service numbers for those to which it applies.

-If the same information applies to all of your services, just say so and complete only one packet.

SERVICES TO WHICH THE FOLLOWING INFORMATION APPLIES:

(List your service numbers.)_____

SERVICE AREA BY CENSUS TRACTS - We need to know which census tracts are included in the area in which this service is offered. We are offering you some alternatives for this response since so few of us know census tracts (even the ones where we live). Please indicate which alternative you chose.

____ There are no geographical restrictions; our service area is unlimited.

____ We serve the entire county, so we didn't use any map.

____ We used MAP A.

____ We used one of the smaller maps (or two, or more.)

Which one or ones?_____

OR

If you do have a service area, but none of the above alternatives help to describe it, please describe below. For example: the name of a school district, the name of a city, the names of the streets on the boundaries, a catchment area, etc., will do fine. Use the space below.

MAP NOTES: The base map has been produced using U. S. Geological Survey 7½' quadrangles as the basic source of information. Road definition includes the existing surfaces of the Circulation Element of the County General Plan 1978. Underlying parcel lines are based on a basic trace and represent the Cartographic Section's best interpretation, and may not be exact. Land ownership information is based on the general environment and may be inaccurate or misleading in some areas.

Chief Cartographer
San Diego County Planning Department
5201 Ruffin Highway
San Diego, California 92123

Should a mistake on map be sent in, the map will be replaced or returned to the sender by the department, whichever is desired.

This map is available in numerous forms and with additional special information overlays, including zoning. Any specialized display necessary should be directed to the Chief Cartographer.

Do not fill in. COMMUNITY CONTACT SERVICES use only.
