Mr. Fred C. Stalder
Chairman, UCS Nominating Committee
Box 2671
San Diego, CA 92122

Dear Mr. Stalder:

Thank you for inviting us to suggest persons to be considered by your committee to serve on the UCS Board of Directors.

We know of several persons that have been concerned and involved in the San Diego community for some time. I have not contacted them for permission to submit their names to you, but I do know they are qualified people. Because I did not contact them, I do not have a complete list of their activities and agency memberships. If you find any of them interesting, I hope will not be too much of an inconvenience for you to acquire full information about them. I will be happy to assist you in making this contact if you wish me to.

We wish you success in your task at selecting a board of directors for this very important community function!

Very truly yours,

Mrs. Dorothy Lloyd
Executive Secretary

Dear Ms. Lloyd:

Our Nominating Committee needs your help in selecting nominees for the new UCS Board of Directors.

As you probably know, the proposed reorganization calls for a change in both the structure and direction of UCS. It is recommended that the Board composition be broadened to include greater representation from such categories as county communities, ethnic minorities, consumers, women, and public officials. It also calls for expansion of its fund raising and planning functions with a major objective of identifying human care needs in the county and establishing priorities for financial support by UCS.

In an effort to get the most influential and representative Board possible, I am inviting your organization to suggest potential nominees who can be considered by our Committee. I would appreciate your listing as many names as you wish on the enclosed form and returning this to UCS no later than Tuesday, January 4, 1972.

Thanks for your assistance to this most important community agency.

Sincerely,

Fred C. Stalder
