Dear Mr. and Mrs. Alexander:

Thank you for your recent letter regarding the use of Proposition 70 funds. Our Parks Department staff is doing extensive research on ways to attempt to save Rutherford Ranch, Roberts Ranch, and the CALMAT property by acquiring them for preservation purposes.

We will be aggressively lobbying the federal and state governments for their help through the Federal Land and Water Conservation Fund and the State Environmental License Plate Fund. You can help us in this endeavor by writing to Governor Wilson and to your federal and state elected representatives. I have enclosed a list of these individuals for your convenience.

With the support of the people of this county, we may be able to acquire the funds to preserve the valuable wildlife and habitat of Rutherford Ranch, as well as the beautiful open space of Roberts Ranch and the Tiajuana River Valley.

I hope you will join our efforts and that you will continue to show an interest in your local government. Thank you, again, for your letter. If my staff or I can be of help to you in the future, please don't hesitate to contact us.

Sincerely,

Leon L. Williams
