Dear Mr. Sjobom:

As one of San Diego's leaders in the construction industry, your input on several current issues is very important to me. I hope you have already received the memorandum from Frank Panarisi asking you to hold February 19th for a meeting to discuss these issues.

The meeting will take place from 5:00pm to 7:00pm in rooms 302-303 of the County Administration Center on Pacific Highway. I would like to focus on two issues on which I will be voting in the very near future, and I would like to hear your opinions on them.

The first issue is the County's proposed impact fees which would be paid by developers and used to support three County programs: the Library system, Animal Control, and the Sheriff's Department. The other issue is one which springs from my role as Vice Chairman of the Metropolitan Transit Development Board. It deals with the development of guidelines to be used by the building industry to help make new development more accessible to mass transportation.

I hope you will be able to join me and share some of your insight into viable ways for the County and the construction industry to work together. Please contact Benelia Santos-Hunter of my staff at 531-5873 to confirm your attendance. I look forward to seeing you.

Sincerely,

Leon L. Williams
Supervisor, Fourth District
