Chief William Kolender
San Diego Police Department
801 West Market Street
San Diego, California

Dear Chief Kolender:

I am delighted that we finally met. It was most gracious of you to find time considering the additional demands made on your time by the Integration Monitoring Ad Hoc Committee. Judy McDonald has spoken of you and your work so often, I feel as if I've known you for a much longer time.

The Constitutional Rights Foundation staff has found San Diego a particularly responsive community, and that bodes well for our delinquency prevention education pilot program. It appears that San Diego Unified plans to expand the use of community justice agency resources and our materials in their Youth and the Law course next year. If so, this would necessitate a clarification of the commitment expected of these agencies. In addition, they would need to determine the most effective allocation of agency resources for the maximum impact on young people. I hope this cooperation will be forthcoming and with commitment such as yours, I'm sure it will be.

Good luck with the monitoring committee. Hopefully, people of good will find a solution to every problem.

Sincerely,

Christa Burke
