Dear Ms. Dureau and Mr. Profita:

Thank you for your letter regarding the North County landfill siting process. I understand your concerns, and appreciate your taking the time to express them to me.

It was, and still is, my belief that the Loma Alta site and the site South of Lake Hodges should have been included in the environmental studies now under way. The majority of my colleagues on the Board of Supervisors did not agree with me in that instance. As I am sure you know, the vote was three in favor and two against to limit our studies to sites 7 and 9. Additionally, the Board is hampered by legislation which prohibits us from siting a landfill within the jurisdictional limits of another agency without that agency's concurrence.

You noted that you were promised a park on the former landfill site and that this promise has not been kept. I have asked our staff to give me a full explanation of this situation. Upon receipt of their reply, I will respond to the related questions you have raised.

Until then, please be assured that I will take all points of view into consideration as we pursue a solution to waste disposal needs in our County. Thank you, again, for writing. If I may be of assistance to you in other matters, please do not hesitate to contact me.

Sincerely,

Leon L. Williams
Supervisor, Fourth District
