Honorable Louis Welsh

Task Force Chairman
Police Chief Bill Kolender

Gentlemen;

In my haste to convey to you my thoughts and feelings on the Intergration Plan, I neglected to consider the implied consent of United Way CETA ,by the use of my office stationary.

This letter is to reaffirm my feelings, but at the same time make it perfectly clear, that the letter represented my personally feelings and does not involve either United Way or United Way CETA.

Sincerely

Roland Esquire Holmes
