Dear ~~San Diego Community Leader~~: LETTER # 2

We are well along the road to making the San Diego City Schools' Voluntary Integraion Program a success. With luck, we will not have to endure the divisive times that have occurred in those cities with mandatory, court-ordered school integration. Integration is not only the law, but is an important step to giving students a meaningful educational experience.

POL. CHIEF BILL KOLENDER ~~As~~ Chairman of the Monitoring Task Force for the integration program, ~~I can~~ reports success in every area of the program thus far. However, the workload has increased dramatically, and thus, the chief has asked me ~~I am asking~~ for ~~your~~ help in funding ~~to fund~~ for one year an executive director's position on the Task Force. This person will handle complaints from the community and prepare reports on the findings of the monitors who will observe the voluntary program.

I have estimated the total cost for the position will be upwards of $30,000 which will include office space, telephone and salary. Because of the importance of the success of the Voluntary Program ~~to your company,~~ I am asking you to contribute $1000 to this effort.

Please make your contribution to: San Diego Integration Task Force.

Thank you for your help in this most worthwhile program.

Sincerely,

MIKE MADIGAN
~~Bill Kolender~~
~~Chairman~~,
~~School Integration Task Force~~
AVP - Dev. Coord.
