Dear Mr. and Mrs. Dalton:

Thank you for your recent letter regarding the H.G. Fenton Materials Company proposal for a rock quarry at Sycamore Ridge. I understand your concerns about this proposal and I will be sure to consider those concerns, along with the many other points of view that have been expressed on this issue, when the matter is brought before the Board of Supervisors later this month.

I have some concerns about your suggestion that the quarry be placed on the reservation of the Campo Indian Band. Please understand that the Band is attempting to site a landfill on their reservation; not a rock quarry. There appears to be some confusion between two distinct issues: the Fenton Company's attempts to site a rock quarry at Sycamore Ridge, and the Board of Supervisor's efforts to locate a landfill in North County. One of the proposed sites for the landfill is very near Sycamore Ridge, and that may be the source of the confusion.

I appreciate your taking the time to express your opinions to me, and I hope that you will not hesitate to contact this office again if I may be of service to you in the future.

Sincerely,

Leon L. Williams
