Dear Mr. Murray:

Thank you for your letter regarding the County's search for a North County landfill location. I can appreciate that you have concerns about land use decisions that may affect your community.

The Board of Supervisors will carefully consider all of its options before making a decision on locations for landfills to meet the needs of our County for the next several decades. I do want to respond specifically to your statement urging us to select "more remote locations" for future landfill sites. The Board has established a policy against shipping waste away from its area of origin. We can no longer afford to follow an "out of sight, out of mind" policy in dealing with our solid waste concerns.

I do appreciate your taking the time to contact me and express your point of view on this issue. If my staff or I may be of assistance to you in the future, please don't hesitate to contact me again.

Sincerely,

Leon L. Williams
