Dear Leon,

Romay and I are very pleased. At the last moment I was afraid you might fall victim to the Los Angeles Bradley syndrome" but the "Black Panther" scare didn't work this time.

You're a good man and I hope you get a few chances to bring your sense of justice to bear on the cynics in City Hall.

Do your thing, Leon, and try to have a little fun along the way. Your basic honesty has bothered the Union movement as well as the Super Rich who run the ~~[illegible]~~ town. Screw them and keep listening to your gut reactions to issues.

Good Luck

John & Romay Westrich
