NAME Leon L. Williams TELEPHONE 232-3811

ADDRESS City Administration Building AGE 46

1. Please indicate your background (biography, education, experience, etc.) as it pertains to your candidacy. (Not more than 50 words.)

Appointed to the City Council in January, 1969; presently director of Neighborhood Youth Corps, a federally - funded youth employment center; former administrative assistant to the sheriff; San Diego State College graduate with degree in psychology and public welfare administration graduate certificate; served in Army Air Corps.

2. What method of representation do you believe best promotes a local government responsive to the needs of the people? (Not more than 50 words.)

I believe councilmen could and would be more responsive if elected by district. The people in the district would them be the sole judge of his performance. Cost of campaigning would be reduced, therefore more people could seek the office.

3. What have you done or what do you plan to do to acheive greater citizen participation in local government? (Not more than 50 words.)

Attend community group meetings. Seek to have people communicate problems to me.

Support community planning groups.

Urge individuals and groups to appear before the Council on matters of importance in the community.

Urge other city officials to be more responsive to community needs and desires.
